Hi,

In late 2018 a group of Hudson residents formed a non-profit organization (501(c)3), the Hudson Land Trust. The Trust's principal function is to assist the Town of Hudson in the oversight and management of its conservation lands, ensuring they are preserved for future generations as intended.

We are working with the Town, partner community organizations, and the public at large on initiatives ranging from trail building and signage to community engagement and education. In the coming weeks, we will be filing conservation restrictions with the Massachusetts Executive Office of Environmental Affairs, Division of Conservation Services, a legal process that ensures the land will be protected in accordance with the Community Preservation Act.

We are an all-volunteer organization. Our Board of Directors has worked hard to form the Trust, build relationships, and get the organization off the ground. Community support for the Trust has been strong and we have been humbled by the generous financial support of our neighbors.

With a mandate to protect these lands forever and with countless opportunities to enhance their utility today, we are seeking donations from local businesses who share our commitment to natural resource conservation.

We offer supporter opportunities as follows:

Benefactor, \$5,000

Conservator, \$2,500

Steward, \$500

We would welcome the opportunity to meet with you to discuss this further at your convenience.

Thank you for your support.

Sincerely,
